When appropriately prescribed and dosed, medications are arguably the single most important factor in improving the quality of life for older Americans. Our seniors are especially at risk for medication-related problems because of the ways we change as we age, with higher incidence of multiple chronic diseases and conditions, and greater consumption of prescription and over-the-counter medications.

The economic impact of medication-related problems in persons over the age of 65 now approaches that of Alzheimer's disease, cancer, cardiovascular disease and diabetes. Medication-related problems are estimated to be one of the top five causes of death in that age group, and a major cause of confusion, depression, falls, disability and loss of independence. Yet prescription medications are very safe and effective when taken appropriately.

The role of our pharmacists has changed in this environment of high-cost drugs and other medical treatment. Pharmacists have increasingly been tasked with taking responsibility for our patients' medication related needs and ensuring that the medications are the most effective, safest available and used correctly. To accomplish this, we identify medication-related problems and work with the medical team to reach the goals of therapy.

Adherence to a medication regimen is of utmost importance if the desired goal is to be reached. At Moore Family Pharmacy, we help promote appropriate use by offering blister-packs for your medications, as well as coordinated refills so all medications can be picked up or delivered together. Our home delivery service is free in the city of South Haven. Talk to our staff to find out how we can help you or your family with our special services.

In the Makerspace, OLL third graders took part in Michigan Mystery Connect- a fun program that helps students learn about the state of Michigan by connecting virtually with another class in a "mystery" location in Michigan. Using maps and their skills of deduction, students interview each other to obtain clues as to where in Michigan their fellow participants live.

# We Are Ready For Winter. Are You?

The Wiseman Family have owned and operated Swiss Valley for the past 55+ years. We started in 1968 with 122 pair of rental skis and we presently have 2000 pair of rental skis and over 500 snowboards.

We now have 4 rope tows, 2 quads and one triple chairlift providing an uphill capacity of 9,800 skiers per hour. All we need is cold weather. We have a tremendous snowmaking capacity, with the ability to turn over 2000 gallons of water per minute into snow.

Timothy's is a world-renowned, yet locally grown, Asian-inspired seafood restaurant. Chef Timothy's philosophy on food and business are simple and straightforward. 'Always use the finest and freshest ingredients possible, nothing less. Create flavors that contrast but, at the same time, complement each other. Combine textures and colors, and pay special attention to the presentation of all. And, finally, take care of your customers; good service is just as important to a restaurant's success as the food it serves.' You are always Timothy's Restaurant's top priority.

The Lake Michigan College Mendel Center experience goes beyond the event or performance which brings you here. It starts with the welcoming way you are greeted by our staff, students, and volunteers when you arrive. It ends with meaningful memories that last a lifetime. We hope you will visit us often and find joy and inspiration in the events, learning opportunities, and amenities designed just for you.

From dinners for 1,000 guests and elegant wedding receptions in the Grand Upton Hall, to business gatherings for a dozen people in one of our many meeting rooms, to concerts on the Mainstage, the Lake Michigan College Mendel Center is your place for events in southwestern Michigan.

# **ALL QQ ON SAFETY**

### **ALL EYES ON SAFETY IN THE NEW YEAR!**

In an effort to maintain a safe and secure community, it is essential for individuals to be alert and aware of their surroundings at all times. Here are some safety tips to follow, and it is crucial to alert law enforcement if you notice any of the following in any public space:

### **Unattended Items**

Be wary of unattended bags, backpacks, or packages in public areas. If you observe an unattended item, do not approach it. Instead, report it to the nearest authority or law enforcement personnel immediately.

### Suspicious Behavior:

Pay attention to unusual or suspicious behavior exhibited by individuals. Examples include nervousness, excessive sweating, constantly I ooking around, or loitering without a clear purpose and report any suspicious behavior to law enforcement without hesitation.

### **Unusual Sounds or Noises:**

Be attuned to any unusual sounds, such as loud bangs, crashes, or cries for help. If you hear something concerning, do not investigate on your own and quickly inform law

### enforcement. **Vehicles in Unusual Locations:**

Take note of abandoned vehicles parked in odd or restricted areas.

Report any suspicious vehicles, providing details like the license plate number, make, model, and color, to law enforcement.

# **Abandoned Personal Items:**

Report any abandoned personal items like backpacks, purses, or clothing articles to

Avoid handling or touching these items yourself to minimize potential risks.

## **Unusual Odors:**

If you detect a strange smell, evacuate the area and inform law enforcement immediately. **People Concealing Weapons:** 

If you observe someone concealing a weapon or behaving in a threatening manner, do not attempt to intervene and immediately alert law enforcement with the individual's appearance and

Remember, your safety and the safety of the community depend on the collective efforts of individuals staying vigilant and reporting any suspicious activity promptly. By working together, we can contribute to creating a safer and more secure environment for everyone.
